Custom Flat Stock

Nifty Bar can provide custom Blanchard and/or surface ground flat stock to meet your specific requirements. Blanchard ground flat stock can be provided up to 110" on the diagonal, and heights up to 34" can be accommodated.

Surface ground flat stock can be provided up to 30" by 120". Heights up to 36" can be accommodated.

Premachined Blanks

In addition to our standard Blanchard ground flat stock products, we can provide economical machined blanks for significant time savings in your CNC applications. Blanks can be finished two, four, or six sides in any combination of Blanchard ground, surface ground, or duplex milled surfaces. Please contact us to discuss your requirements in detail.
